PhD Completions 2002-03 to 2007-08 by Ethnicity

Carnegie Classification Research Universities, Very High Research Activity

These PhD completions from institutions in this Carnegie Classification (Research Universities, Very High Research Activity) serve as an approximation of the pool from which The Ohio State University would obtain most of their Assistant Professors.

It is important to keep in mind that not all doctoral recipients plan to enter higher education; therefore the actual pool of candidates may be much smaller.

While different colleges, schools and departments on campus may hire from various sets of institutions, this pool is to be considered as context.

PhD Graduates - 2002-03 to 2007-08 By Ethnicity - Carnegie Classification Research Universities, Very High Research Activity
