

**New First Year Student 6-year Retention and Graduation Rates: Including students who were retained at or graduated from other colleges and universities**

Source: National Student Clearinghouse - Cohort Years 2007 - 2009

*Caveat: Cohort year 2009 students – measures whether those students had either graduated or were still enrolled in an institution of higher education as of 2014-15. NSC receives a file of student identifiers from OSU and then matches those students against enrollments reported by OSU and other colleges and universities. The figures from NSC closely resemble but do not match published figures from OSU at [http://oesar.osu.edu/grad\\_rates.html](http://oesar.osu.edu/grad_rates.html).*

Campus	Lima					
	2007		2008		2009
