*The ratio of FTE students to FTE instructional staff, i.e., students divided by staff.

Students enrolled in "stand-alone" graduate or professional programs and instructional staff teaching in these programs are **excluded** from both full-time and part-time counts.

"Stand-alone" graduate or professional programs are those programs such as medicine, law, veterinary, dentistry, social work, or public health, in which faculty teach virtually only graduate-level students (also referred to as "independent" programs).

Each FTE value is equal to the number of full-time students/staff plus 1/3 the number of part-time students/staff.
