**Subject:** Changes in the Food Business Management Major  
**Attachments:** Food Business Mgmt Major Revisions.pdf

Randy: We made some changes in the Food Business Management Major. Most of the changes are a result of recent changes in the accounting requirement in the Agribusiness minor and new courses that have been approved in Food Science and Technology. Also AED Econ 410 (3) and 411 (3) were merged to one 5 hour class last year. It is just an updating of the major. The faculty in the department have unanimously approved these changes and the College Committee on Academic Affairs has also approved the changes. A copy of the major sheet with the revisions is attached. The requests follow:

Remove the requirement of Acct&Mis 212 (5) and move it to the "basket" of major electives  
In the required section revise the line to include Acct&Mis 211 or AED Econ 412 (if not taken in the minor) (5)  
In the required section add the line Fd Sc&Te 536 (3)  
Make the major electives read "Select 12-33" hours from:  
Add Fd Sc&Te 649 to the "Select 7-8 hours from" area and the basket of major electives (4)  
Add Fd Sc&Te 411 to "basket" of major electives (3)  
Remove AED Econ 411 and add AED Econ 410 (5) to the "basket" of major electives

To us these are very minor changes but I felt it might be enough to pass by CAA. I am hoping this is a very easy approval from Academic Affairs and that it can be implemented Winter 2010. Please advise. Thanks.

Sincerely,

*Jill A. Pfister*
