To: W. Randy Smith, Vice Provost, Office of Academic Affairs
From: Terry L. Gustafson, Special Assistant to the Executive Dean for Semester Conversion
Re:  Arts and Sciences Program Proposals from the Arts and Humanities Division

Arts and Sciences is pleased to submit the following programs from the Arts and Humanities Division to the Office of Academic Affairs for conversion from quarters to semesters. The programs have been approved by the faculty members and chair of the originating unit, and reviewed and approved by the divisional advisory panel, a subcommittee of the ASC Committee on Curriculum and Instruction (CCI), and the full CCI. The vote for approval of all programs at the full CCI was unanimous.

Program Name	Academic Plan Code	Conversion Designation	CCI Approval	Last Revision
Art BA	ART-BA	Converted	5/13/2011	9/18/2008
Studio Art BFA	ART-BFA	Converted	5/13/2011	9/18/2008
Studio Art Minor	STUDART-MN	Converted	5/16/2011	6/7/2006
Bachelor of Art Education BAE	ARTEDU-BAE	Converted	3/6/2011	10/8/2008
Arts Management BAM	ARTEDU-BAM	New	4/18/2011	N/A
Arts Entrepreneurship Minor	ARTSENT-MN	Converted	3/6/2011	6/2/2010
Dance BFA	DANCE-BFA	Converted	4/25/2011	10/8/2008
Dance Education BFA	DANCED-BFA	Deactivated	5/2/2011	Prior to 2006
Dance Minor	DANCE-MN	Converted	4/24/2011	3/5/2010
Industrial Design BSD	INDDSN-BSD	Converted	4/4/2011	10/8/2008
Interior Design BSD	INTDSN-BSD	Converted	4/4/2011	10/8/2008
Visual Communication Design BSD	VSLDSN-BSD	Converted	4/8/2011	10/8/2008
Industrial Interior & Visual Communications Minor	DESIGN-MN	Converted	4/18/2011	4/7/2010
Music BA	MUSIC-BA	Converted	4/17/2011	1/19/2011
Composition BM	COMP-BM	Converted	4/4/2011	1/19/2011
Jazz Studies BM	JAZZSTD-BM	Converted	4/4/2011	4/20/2008
Musicology BM	MUSHIST-BM	Re-envisioned	4/3/2011	4/20/2008
Performance BM	PERFORM-BM	Converted	4/4/2011	4/20/2008
Theory BM	MUSTHY-BM	Converted	4/20/2011	4/20/2008
Choral Music BME	BMECHOR	Converted	4/12/2011	4/20/2008
General Music BME	BMEGEN	Converted	4/8/2011	4/20/2008
Instrumental Music BME	BMEINST	Converted	4/8/2011	4/20/2008
Music Minor	MUSIC-MN	Converted	2/28/2011	Prior to 2006
Music, Media, and Enterprise Minor	MSCMDEN-MN	Converted	3/15/2011	8/19/2009

Arts and Sciences General Education (GE) Program: The GE program for untagged B.A. and B.S. degrees in Arts and Sciences was approved by the Council on Academic Affairs on May 26, 2010, after receiving approval from the Arts and Sciences Faculty Senate. The new proposal for the Bachelors in Arts Management follows the approved GE program. *The remaining programs all have accreditation requirements and unique formulations for their GE programs.* The exceptions to the quarter version of GEC program granted to each of the accredited programs has been previously approved by the CCI and CAA and are detailed in the program proposals. Each program is maintaining the approved exceptions in the context of the semester version of the GE. It is also important to note that all the programs, except the new Bachelors in Arts Management, include the GE as part of their total program requirements as prescribed by their individual accreditation bodies.

College of Arts and Sciences Transition Policy: The College of Arts and Sciences is committed to the principles outlined in the university's Pledge to Undergraduate Students. Each unit has a plan on how best to assist its majors and minors through the transition. And the Arts and Sciences Academic Advising Services will advise students on how to transition their GE program. Dual advising is the existing process used in Arts and Sciences and will continue under semesters.

Special Notes for the Submitted Programs:

Programs Requiring Semesters with More Than 18 Credit Hours: The programs requiring semesters with more than 18 credit hours deliberated on alternative solutions and thoughtfully considered options for their students. The resulting programs have been optimized to keep the number of semesters requiring greater than 18 credit hours to a minimum.

Existing Programs Labeled as "New" in the Electronic Program and Course Approval System: Owing to a quirk in the new electronic approval system, many of the submitted programs did not appear in the system and it was necessary to call them "New" in order to enter them. The actual conversion designation is indicated in the table above.

Course Level Exemption for the Minors in Dance, Design, and Music: Owing to the nature of the minors in Dance, Design, and Music, CCI has approved exemptions to the ASC rules regarding the inclusion of 1000-level courses and the requirement of 6 units of 3000-level course work to these minors. The specifics are detailed in each of the respective minor proposals.

Status: PENDING

PROGRAM REQUEST
Bachelor of Fine Arts-Studio Art

Last Updated: Williams, Valarie Lucille
04/19/2011

Fiscal Unit/Academic Org	Art - D0215
Administering College/Academic Group	Arts And Sciences
Co-administering College/Academic Group	
Semester Conversion Designation	Converted with minimal changes to program goals and/or curricular requirements (e.g., sub-plan/specialization name changes, changes in electives and/or prerequisites, minimal changes in overall structure of program, minimal or no changes in program goals or content)
Current Program/Plan Name	Art
Proposed Program/Plan Name	Bachelor of Fine Arts-Studio Art
Program/Plan Code Abbreviation	ART-BFA
Current Degree Title	Bachelor of Fine Arts

Credit Hour Explanation

Program credit hour requirements		A) Number of credit hours in current program (Quarter credit hours)	B) Calculated result for 2/3rds of current (Semester credit hours)	C) Number of credit hours required for proposed program (Semester credit hours)	D) Change in credit hours
Total minimum credit hours required for completion of program		196	130.7	131	0.3
Required credit hours offered by the unit	Minimum	120	80.0	78	2.0
	Maximum	120	80.0	81	1.0
Required credit hours offered outside of the unit	Minimum	75	50.0	50	0.0
	Maximum	75	50.0	53	3.0
Required prerequisite credit hours not included above	Minimum	1	0.7	1	0.3
	Maximum	1	0.7	1	0.3

Program Learning Goals

Note: these are required for all undergraduate degree programs and majors now, and will be required for all graduate and professional degree programs in 2012. Nonetheless, all programs are encouraged to complete these now.

- Program Learning Goals**
- Students gain functional competence with principles of visual organization, including the ability to work with visual elements in two and three dimensions; color theory and its applications; and drawing.
 - Students present work that demonstrates perceptual acuity, conceptual understanding, and technical facility at a professional entry level in their chosen field(s).
 - Students become familiar with the historical achievements, current major issues, processes, and directions of their field(s).
 - Students are afforded opportunities to exhibit their work and to experience and participate in critiques and discussions of their work and the work of others.
 - Students prepare materials for Graduate Studies and Professional Careers
 - Students acquire advanced knowledge of the materials, methodologies and critical developments and artistic practices related to a particular media or specialization.
 - Students demonstrate skills through the conception, creation and presentation of original works of art.

Assessment

Assessment plan includes student learning goals, how those goals are evaluated, and how the information collected is used to improve student learning. An assessment plan is required for undergraduate majors and degrees. Graduate and professional degree programs are encouraged to complete this now, but will not be required to do so until 2012.

Is this a degree program (undergraduate, graduate, or professional) or major proposal? Yes

Does the degree program or major have an assessment plan on file with the university Office of Academic Affairs? Yes

Summarize how the program's current quarter-based assessment practices will be modified, if necessary, to fit the semester calendar.

No major revisions or modifications to the assessment practices will be required to fit the semester calendar.

Program Specializations/Sub-Plans

If you do not specify a program specialization/sub-plan it will be assumed you are submitting this program for all program specializations/sub-plans.

Program Specialization/Sub-Plan Name	Art and Technology (Existing)
Program Specialization/Sub-Plan Goals	<ul style="list-style-type: none"> • Advanced knowledge of the materials, methodologies and critical developments of various artistic practices related to the field of Art and Technology. Demonstration of these skills through the conception, creation and presentation of original works.
Program Specialization/Sub-Plan Name	Sculpture (Existing)
Program Specialization/Sub-Plan Goals	<ul style="list-style-type: none"> • Students acquire advanced knowledge of the materials, methodologies and critical developments of various artistic practices related to the field of Sculpture. • Students demonstrate advanced skills through the conception, creation and presentation of original works in sculpture.
Program Specialization/Sub-Plan Name	Printmaking (Existing)
Program Specialization/Sub-Plan Goals	<ul style="list-style-type: none"> • Students acquire advanced knowledge of the materials, methodologies and critical developments of various artistic practices related to the field of Printmaking. • Students demonstrate advanced skills through the conception, creation and presentation of original works in printmaking.
Program Specialization/Sub-Plan Name	Painting and Drawing (Existing)
Program Specialization/Sub-Plan Goals	<ul style="list-style-type: none"> • Students acquire advanced knowledge of the materials, methodologies and critical developments of various artistic practices related to the fields of Painting and Drawing. • Students demonstrate advanced skills through the conception, creation and presentation of original works in painting and drawing.

To: Larry Krissek, Chair of Committee on Curriculum and Instruction

From: Kathryn Stafford, Chair of CCI Arts and Humanities 1 Subcommittee

Re: Conversion Proposal for the BFA in Art

The Arts and Humanities 1 Subcommittee discussed the proposed semester version of the Art BFA at its meeting on January 6, 2011. The committee unanimously approved the recommendation that the proposed program move forward in the approval process upon completion of the committee's noted contingencies by the Department. The contingencies attached to the Committee's vote were deemed to be inconsistencies in text rather than substantive errors. Committee members noted the need for correction of the credit hours in the credit hour table at the beginning of the PACER document, the need for the learning goals at the beginning of the PACER document to match the learning goals in the Curriculum Map toward the end of the PACER document, and a few other minor text discrepancies throughout the submitted documents. We hope that the efforts of the Committee to identify inadvertent inconsistencies will facilitate approval of this proposal by CCI and others. Committee members also asked Professor Soave to commend his faculty for their work on semester conversion.

24 January 2011

Lawrence Krissek, Professor of Earth Sciences
Faculty Chair, Committee on Curriculum and Instruc
College of the Arts and Sciences

Dear Larry,

We are submitting the semester versions of the Department of Art's undergraduate programs: BA in Art, BFA in Art, Minor in Art. The semester degree proposals were reviewed and approved by the Department of Art, reviewed by me at various stages, and reviewed by the chairs and directors in the arts units with Divisional Dean Mark Shanda. This group functioned as a NASAD standards and curricular review body and unanimously approved the programs at their November 3, 2010 meeting.

Bachelor of Art: The BA in Art was last revised and approved by CAA on September 18, 2008. The degree is part of the accredited degree programs within the visual arts units, but it is not a tagged degree. However, the department chose to include the full 181 hours in its translation of the degree in the "Credit Hour Explanation" box since several of the GE courses are prescribed in order to achieve accreditation, *e.g.*, specific courses in History of Art and Philosophy. The quarter-system degree required 181 hours overall with 78 hours in the major course work, and the semester-system degree will require 121 credit hours overall with 54 credit hours of major course work. The most significant change in the major comes in the form of changed credit hours in two of the foundational courses, but the department has provided a way for students to transition with other studio course work. Please note that the BA in Art has an assessment plan on file with OAA, confirmed October 15, 2010.

Bachelor of Fine Arts: The BFA in Art was substantially revised and approved by CAA on September 18, 2008. The degree is a tagged degree and is part of the accredited degree programs within the visual arts units. The tagged degree programs include the credit hours for the full degree. Therefore the "Credit Hour Explanation" box includes GE and major course work in its total. The quarter-system degree requires 196 credit hours overall, and the semester-system degree requires 131. The most significant change to the degree is the same as the above BA, the two foundational courses, Art 200 and 208 were changed to include one additional credit hour, but the department has provided a way for students to transition with other studio course work. The BFA has two foundational years, and at the end of the second year, students portfolio-review into their specialization. The department has seven transcriptable specializations: art and technology, ceramics, glass, drawing and painting, photography, printmaking, and sculpture. The department has laid out a detailed transition plan for students who will transition during semester conversion. Please note that the BFA in Art has an assessment plan on file with OAA, confirmed October 15, 2010.

Minor in Art: The Minor in Studio Art was last revised and approved by CAA on June 7, 2006. There were no major revisions to the program. The program converted from 22 credit hours to 15 credit hours and maintained Art 200 (now 2000) as its foundational course and required one

other course choice between 2100 or 2200. The remainder of the course work is selected from among the seven specialization areas. The Department of Art organizes its courses into foundational years, and organizes its courses into specialization areas that reflect the areas of focus found within the department. Most of the foundational course work begins at the 2000-level, and the intermediate specialization area work at the 2500-level (please see page two of Professor and Chair Sergio Soave's letter explaining the schema behind their numbering system). Since minors would not normally progress beyond the intermediate specialization area work, and it is possible for a student interested, for example, in Glass, to only be able to achieve artistic practice offered in courses such as 2503 and 2553, we are asking for an exemption from the new ASC rule of 6 cr. hr. at the 3000-level and above for this minor. *Instead we ask that the rule for the Minor in Studio Art be 6 cr. hr. at the 2500-level and above.*

The transition plan also mentions the foundation courses for the degree of Bachelor of Art Education. The BAE degree includes those 33 credits of the foundational coursework in Art, and the Department of Art will work with the BAE majors so that they will have the same smooth transition as the BFA majors. The CCI previously approved the BAE with this understanding.

As these undergraduate proposals travel from the Department of Art through the curricular approval process, please include these majors in a bundle with the undergraduate majors from the Departments of Art Education, Design, and History of Art. If you have any questions or concerns, please do not hesitate to call or email me at 292-5727 or williams.1415@osu.edu.

Thank you for your consideration of these proposals,

Valarie Williams, Professor of Dance
Associate Dean, College of Arts and Sciences, Arts and Humanities

CC: Sergio Soave, Professor and Chair, Department of Art
Mark Shanda, Divisional Dean, Arts and Humanities and Professor of Theatre

24 November 2011

Lawrence Krissek, Professor of Earth Sciences
Faculty Chair, Committee on Curriculum and Instruction
College of Arts and Sciences

Dear Larry,

The chairs and directors of the visual and performing arts units met on November 3, 2010 with Interim Divisional Dean Mark Shanda and me to review and approve the following visual arts programs: Bachelor of Arts in Art, Bachelor of Fine Arts in Art, Minor in Art; Bachelor of Art Education, a new program Bachelor of Arts in Arts Management, and the minor in Arts Entrepreneurship; Bachelor of Science in Design in Industrial Design, Bachelor of Science in Design in Interior Design, Bachelor of Science in Design in Visual Communication Design, and the Minor in Design; the Bachelor of Arts in History of Art, and the Minor in History of Art.

The Arts chairs and directors reviewed the programs with the accreditation requirements for each major in mind. All four visual arts units are accredited by the National Association of Schools of Art and Design, and they will be reviewed by NASAD during 2012 – 2013 with a complete self-study and on-site visit. I have enclosed our accreditation agreement that we will be reviewed in the 2012-2013 academic year.

The tagged degree programs in the arts, including their GEC components, were first approved by CAA in May of 1991 and reaffirmed in March, June, and October in 2008 by CAA. The tagged degree programs in the arts are retaining their General Education exemptions and have converted with a one-to-one parallel of the quarter-based GEC to the semester-based GE. The GE component is an integral part of the arts programs; the GE component is threaded throughout the advising sheets or four year plans for each individual tagged degree. Unlike a traditional untagged B.A. or B.S. degree, the tagged arts degrees consider no part of the GE ancillary to its program. As such, the GE requirements are included within the degree total for each undergraduate major. There is no one common GE for all arts programs; each program has a *different* formulation. Please keep this in mind as your subcommittees review the multiple programs from the tagged degrees in the arts.

The eight chairs and directors enthusiastically endorsed the programs, and I have included a cover letter for each individual unit. Therefore, I am submitting for approval the proposals for the semester versions of our undergraduate visual arts tagged and untagged degrees. If you have any questions or concerns, please do not hesitate to call or email me at 292-5727 or williams.1415@osu.edu.

Thank you for your consideration of these proposals,

Valarie Williams, Professor of Dance
Associate Dean, College of Arts and Sciences, Arts and Humanities

CC: Sergio Soave, Professor and Chair, Department of Art
Patricia Stuhr, Professor and Chair, Department of Art Education
Paul Nini, Professor and Interim Chair, Department of Design
Andrew Shelton, Associate Professor and Chair, Department of History of Art
Maria Palazzi, Associate Professor and Director, ACCAD
Mark Shanda, Interim Divisional Dean, Arts and Humanities and Professor of Theatre

September 30, 2010

Office of Academic Affairs
Bricker Hall
The Ohio State University

This letter provides an overview of the process the Department of Art undertook during the transitioning of our degree programs, curriculum and course offerings to a new semester-based calendar.

The Department of Art currently lists the following programs as identified by the University Registrar:

The Bachelor of Arts (BA in Art)
The Bachelor of Fine Arts (BFA in Art)
An Undergraduate Minor in Studio Art
The Master of Fine Arts (MFA in Art)

The process for enacting our degree programs under semester began in the fall of 2009, shortly after the University Senate confirmed the institution's goal to transition to a new academic calendar.

Our process began with a careful examination of the requirements as set forth by our accreditation agency, The National Association of the Schools of Art and Design (NASAD). From these guidelines, general curricular maps were created to develop a fuller understanding of the integration of all our course offerings and their relationship to the General Education Curriculum and the other opportunities available to students within the larger university. The guidelines for the curricular maps for our undergraduate and graduate degree programs were then compared to our programmatic mission and vision, as well as an assessment of our resources, infrastructure and strengths. These discussions took place during several full faculty meetings over the course of 18 months. At these meetings, a clearer and unified curricular structure took shape; one that included programmatic assessment points such as the portfolio reviews, required seminar and senior projects, as well as a common core that extends throughout the degree program plan(s) for all our degree programs. This was important given the departments structure of offering degree programs with areas of specialization. All programs were voted upon and approved by the faculty.

In fact, one characteristic that distinguishes our department is the contributions of the various discipline areas to strong studio programs. These discipline areas have diverse curricular structures that introduce content in various models and timelines. Coordinating these local structures into a unified degree program became an important part of our conversion process. The faculty in our seven studio discipline areas took leadership roles in examining each of their course offerings, reviewing the impact of the new academic calendar, gathering insights from students, and making determinations on each course offering, resulting in a combination of actions including

converting, combining, removing, and re-envisioning course offerings.

In renumbering the art studio courses, using the new 4 digit guidelines, the department was required to develop a new system of organizing our offerings. Since 1100-1999 level courses were designated as not to be counted toward a major or field of specialization in any department, we crafted a local solution that designates 2000-2499 as introductory studio work within our majors and our minor. Courses numbered 2500-2999 are defined as intermediate studio courses that also provide the beginnings of the various specializations. Our numbering matrix then follows the standard numbering system for the 3000- 5999 level courses for undergraduate studies. No local solution was required in the renumbering of the graduate courses.

For the BA Program, we began with the premise of a 2/3 credit hour conversion, creating a 120-credithour, semester-based program. The distribution of credits between the GE requirements, art theory and history requirements, and studio art courses worked well with our NASAD guidelines. We sought to strengthen the academic goal of the BA and distinguish its programmatic experience from that of our BFA program. We preserved flexibility in the curriculum that will enable students to pursue the BA in Studio Art for a wide range of creative careers.

For the BFA program, we again began with a 2/3 credit hour conversion creating a 131-credit hour semester-based program. The distribution of credits between the GE requirements, art theory and history requirements, and studio art based courses worked well with our NASAD guidelines for the BFA degree. The goals for the BFA program were distinguished from those of the BA degree, making the BFA degree the professional degree for those interested in artistic careers where an understanding and ability of studio production are required.

The Minor in Studio Art program underwent a direct 2/3 conversion and there were no significant changes to the requirements of this program. Based on the numbering system describe above, we request a wavier of the recent requirement of two courses at the 3000 level. Since we have designated 2500-2599 level courses as intermediate studio work, those offerings should be considered equivalent to the 3000 level. This would also allow the minor to be offered in a manner consistent with what is currently offered.

Through this process we were presented with opportunities to strengthen our core requirements, and this became a focal point for the BA, BFA and the Minor in Studio Art. Changes to the structures, credit hour weight, and sequencing of two of our required core studio classes (Art 200, and Art 208) were enacted to provide a better relationship between the workload required of students and the credit hours earned. The required seminar course (Art 595) also was re-envisioned, increasing the credit hours to match the desired outcomes and repositioned in the program plan as a junior-year offering. The Senior Projects course (Art 696) was re-envisioned to strengthen its placement within the curricular sequence and its connection with a faculty mentor within the discipline area. We also established a requirement of a professional practice/ internship/international study experience for all our BA and BFA majors. Students can fulfill this requirement through multiple means, including courses currently offered at OSU (a list will be developed as we learn what other academic units will be providing under semesters), internships

already established within the community and new internship opportunities we will develop as a department. The faculty is eager to establish new course offerings in professional practices, and expand the applications of majors to foreign travel opportunities.

In regard to the MFA program, the conversation and leadership for this conversion were the charge of the department Graduate Studies Committee comprised of four faculty and two graduate students. For over four years, the department has actively debated transforming our graduate program from a 2-year structure to a 3-year curriculum. In the spring of 2009, then-Dean Roberts charged the department to prepare to complete the transition to a 3-year program while we undertook the conversion to semesters. We used this opportunity to again examine our current program, and re-envisioned the 3-year structure to best reflect our mission and vision. The new program plan provides the graduate student a much more flexible, yet rigorous curricular map. It establishes broad curricular categories, within the department and in the university as a whole, with ranges of minimum and maximum credit hour requirements that enable the student to select course offerings that best advance their graduate research goals. The 3-year MFA program in Studio Art will make our curricular and programmatic structure consistent with those of other MFA program on the OSU campus as well as those offered by our peer institutions. The change to the three-year curriculum would not require additional faculty resources. The revision and new curricular structure of the MFA program was voted upon and approved by the faculty.

The end result of this process is a much more unified, yet flexible program structure. There are clear program plans, with common cores, set assessment points, and unified distribution of course work within the department and in relation to the GE and university course offerings. The program plans provide greater opportunity for the students to exercise options as they navigate the various degree requirements. The structures are uniform across all our discipline areas matching our mission to offer degree programs with areas of specializations.

In many ways, both small and large, this process of converting our course offering and degree programs, while laborious, has been healthy and productive in reestablishing the core values and mission of the department. We believe the resulting curricular structures, course offerings and program plans will advance our reputation as a nationally recognized and ranked art program that prepares our graduates for productive and rewarding creative careers while remaining committed to providing the university community exceptional academic and cultural experiences that advance creative thinking and learning.

Yours truly,

Sergio Soave
Chair and Professor of Art.

Revised 9/08

OSU Department of Art Undergraduate Program Transition Plan

12-4-10

Art BA and BFA Programs

Coursework in the Art Undergraduate Degree Programs is managed by means of check-sheets rather than a prescribed plan of progress. With the move to semesters, the Department of Art seized the opportunity to craft a curricular structure for all our degrees where the students have a template to complete the area coursework in sequence and within a cohort of their peers. There is a clear audit path from all old courses to the new. Some area studio courses that were 3 or 4-quarter sequences for majors were merged to become 2-semester classes. The bulk of our undergraduate courses were directly converted in order to meet requirements of our accrediting agency, the National Association of Schools of Art and Design.

The credit hour weight of two core studio art courses was increased in the conversion. Art 200 was 2 credits and the semester equivalent Art 200 will be 3 credit hours. Art 208 was 3 credit hours and its semester equivalent, Art 2200 will be 3 credit hours. The change in the weighting of credit hours will necessitate advising during the transition plan, however, there are several studio electives that can be applied to the major during transition and semester conversion.

The curriculum and program plan for the BFA program has two distinct parts. In first two years of the program, all majors complete a series of common courses that establish a core while they take introductory courses in their area of specialization. A portfolio review is required at the end of the second year, an assessment moment that distinguishes the introductory curriculum from more advanced study. The last two years of the BFA program plan focus on developing deep understanding within a specialization and, to a lesser extent, some exploration of other studio practices.

This structure enables the department to transition students at the various levels through a combination of course transfer and evaluation of proficiency.

Students who have completed one year at the time of semester conversion (summer 2012) will likely have completed half of the requirements of our common studio core. Art 205, Art 206, and Art 207 are semester-equivalent conversions; however, these students will have earned fewer credit hours in the conversion of Art 200 and Art 208; the equivalent of 5 quarter hours or 3 semester credit hours. By plan, our transitioning students recover these 3 semester hours in their exit course equivalents (Art 696, 2 quarter hours, and Art 595, 3 quarter hours, which also both converted into two 3 semester hour classes.) First-year transitioning students who have completed 200 and 208 coursework will not need to modify their plan to meet the 131 hours required, while those who still need to take the converted 200 and 208 can take an option to reduce their plan by one elective.

Students who have completed two years at the time of semester conversion (summer 2012) will likely have completed all of the requirements of our studio core. These students, like the cohort above, will have earned fewer credit hours in the conversion of Art 200 and Art 208, the equivalent of 5 credit hours (quarters based) or 3 semester credit hours, which will be made up in the exit courses and the Core requirements for the 2nd year students directly translate. If a student has somehow missed the 200 or 208 classes (transfers are most likely candidates) the above applies.

Students who have completed three years at the time of semester conversion (summer 2012) will have completed the required portfolio review and be undertaking intermediate and advanced study within their area of specialization. These students, like the cohorts above, will have earned fewer credit hours in the conversion of Art 200 and Art 208, and it is possible that they will have completed Art 595. This group of students will also be advised to take one additional studio art course, at the intermediate or advanced level, to acquire the required 131 credit hours in the BFA program. All other course work required to complete the program will be the semester equivalent of those in the current curriculum.

To advise our transitioning undergraduate students, we created an Individualized Degree Transition Plan instrument based on a form all Art students complete as freshmen in the Arts 100 survey course, which we think will make it easy for faculty and staff advisors to work with students to devise a custom map for completion of class work remaining into the move to Semesters. Transitioning students will fill in the blanks on this form with the program they currently are under, with consultation with their faculty advisor. We will also use this form with the transfer students.

While the form has numbered spaces for three classes per quarter and five under semesters, there are two extra spaces in each term to accommodate variation in credit value or student capability. Faculty Advisors have the authority to petition modifications of an individual's program within the NASAD guidelines and approved changes can be noted on the Plan.

Minor

We offer a 22-quarter hour Minor that consists of two required courses and three electives from a menu of 33 classes. The 5-quarter classes were directly converted to 5 semester classes of 15 semester hours.

Art Education

Art Education currently requires 55-quarter hours (11 classes) of our Foundation, Core and Elective coursework in their BAE. Entry to this degree is petitioned during the student's sophomore or junior year. The Art Education freshman / sophomore curriculum is nearly identical to the Art freshman / sophomore curriculum, and the Art portion of that curriculum directly translates into 33 semester hours and 11 classes. To best advise transitioning students, some of whom start with the intention of earning the BAE but change their mind and pursue the Art BA or BFA, advisors will use the same Individualized Degree Transition Plan instrument to help navigate the Art classes.

Bachelor of Fine Arts Curricular Map under conversion to semesters 10/1/10

Segment of major program	Quarter course #	Quarter course name	Credit hours	Semester course #	Semester course name	Units	Learning outcome	Level	Nature of conversion
