Re:  Arts and Sciences Program Proposals from the Arts and Humanities Division

Arts and Sciences is pleased to submit the following programs from the Arts and Humanities Division to the Office of Academic Affairs for conversion from quarters to semesters. The programs have been approved by the faculty members and chair of the originating unit, and reviewed and approved by the divisional advisory panel, a subcommittee of the ASC Committee on Curriculum and Instruction (CCI), and the full CCI. The vote for approval of all programs at the full CCI was unanimous.

Video Arts Minor	VIDART-MN	Converted	6/10/2011	4/9/2008

Arts and Sciences General Education (GE) Program: The GE program for untagged B.A. and B.S. degrees in Arts and Sciences was approved by the Council on Academic Affairs on May 26, 2010, after receiving approval from the Arts and Sciences Faculty Senate. All the programs presented here follow the approved GE program.

College of Arts and Sciences Transition Policy: The College of Arts and Sciences is committed to the principles outlined in the university's Pledge to Undergraduate Students. Each unit has a plan on how best to assist its majors and minors through the transition. And the Arts and Sciences Academic Advising Services will advise students on how to transition their GE program. Dual advising is the existing process used in Arts and Sciences and will continue under semesters.

Special Note for the Submitted Programs:

Existing Program Labeled as "New" in the Electronic Program and Course Approval System: Owing to a quirk in the new electronic approval system, the Media Production and Analysis minor did not appear in the system and it was necessary to call it "New" in order to enter it. The actual conversion designation is indicated in the table above.

Program Learning Goals •

Assessment

Assessment plan includes student learning goals, how those goals are evaluated, and how the information collected is used to improve student learning. An assessment plan is required for undergraduate majors and degrees. Graduate and professional degree programs are encouraged to complete this now, but will not be required to do so until 2012.

Is this a degree program (undergraduate, graduate, or professional) or major proposal? No

Program Specializations/Sub-Plans

If you do not specify a program specialization/sub-plan it will be assumed you are submitting this program for all program specializations/sub-plans.

Pre-Major

Does this Program have a Pre-Major? No

Professor Larry Krissek
Chair, Arts and Sciences CCI
Re: BA and minor in Sexuality Studies

Dear Professor Krissek:

The CCI's Arts and Humanities 2 subcommittee met on May 25, 2011, and reviewed the semester plans for the BA and minor interdisciplinary programs in Sexuality Studies, which reside in the Diversity and Identity Studies Collective at OSU (DISCO). The committee voted unanimously to forward the proposals to the full CCI for review. We did, however, request changes to the BA proposal, and it was sent back for revision. However, given the short time line, it may not have been possible to make the changes before the CCI's meeting, so I list below the changes our subcommittee recommended. The committee felt the minor needed very few changes (also listed below), so it was not sent back.

Sexuality Studies BA

- Needs a letter from D. Moddlemog.
- p. 1: The current program name should be "Sexuality Studies BA," rather than "Interdisciplinary Major in Sexuality Studies"
- pp. 1-2: Remove the assessment plan (which is not needed since the program has already been approved).
- pp. 2-3: In the program rationale delete this section (again, because this is not a new program so this section is not relevant).
- On the last page, "Transition Policy: We will apply quarter courses toward the GIS," should say "toward the major."
- On the advising sheet, 6783H should be replaced by 4998(H) and 4999(H), and 5693 should be 5193. In addition, all these courses should be included on the curriculum map.
- Also on the advising sheet, delete the Sexuality Studies major program guidelines altogether.
- Remove track changes from the curriculum map.
- On the list of courses (two places) and curriculum map there are two courses numbered 4845 but with different titles.

Sexuality Studies minor

- There are three places in the proposal where "Art Education xxxx" is referred to. These should be changed to "Art Education 4835."
- On the last page, "Transition Policy: We will apply quarter courses toward the GIS," should say "toward the minor."

Sincerely,

Lawrence Krissek, Professor of Earth Sciences
Faculty Chair, Committee on Curriculum and Instruc
College of Arts and Sciences

Dear Larry,

The Faculty Steering Committee has completed and submitted its proposal for a semester version of its interdisciplinary programs: GIS in Sexuality Studies, Major in Sexuality Studies, and Minor in Sexuality Studies. The programs were reviewed and approved by the Arts and Humanities Disciplinary Advisory Panel for Curriculum within the College of Arts and Sciences on June 1, 2011. Please note that since these programs cross multiple units, only the first line on the PACER chart has been completed, and we have included a Book 3 Listing request for Sexuality Studies with the semester conversion proposal. The programs which were previously housed in the Office of Interdisciplinary Studies in ASC under quarters, will now be administratively housed in the Office of Diversity and Identity Studies Collective, "DISCO," and heavily contributed to by Women's Studies, Comparative Studies, Sociology, Social Work, and Art Education. The Director of DISCO, Debra Modellmog, and the Co-Director of Sexuality Studies, Professor Mollie Blackburn serve as the Co-Directors for the Sexuality Studies program and share academic advising with a full time GA and part-time staff member. Please note that the Sexuality Studies BA filed an Assessment Plan at the February 2011 CAA meeting with its full proposal.

Most specifically, I have highlighted the small changes for the programs below:

BA in Sexuality Studies: The BA in Sexuality Studies was established and approved by CAA on February 23, 2011. There were no revisions to the program, and in fact, when the major was submitted in February, the semester version was also sent forward. The proposal here is the semester version from February. The program converted from 50 quarter credit hours to 30 semester credit hours and maintained the requirement of two Core Cluster Courses: Comparative Studies/EDU PAES 2214 (214) and a choice of one required GLBT-focused course from the same list under semesters as under quarters, with one additional choice of Social Work 5501. The Focus Area Category requirement of three courses under quarters remains the same under semesters with the inclusion of a course from Art Education in the GLBT category. The Sexuality Studies Electives Category remains the same with 25 quarter credit hours translating to 15, and the requirement of 200-level course work translating to 3000-level coursework. The major, implemented for this upcoming Fall 2011 will have students who transition to semesters, and the transition plan will count any quarter course on the semester version of the proposal.

Minor in Sexuality Studies: The Minor in Sexuality Studies was established in 2002 with revisions approved by CAA on April 22, 2009. There were no major revisions to the program. The program converted from 20 quarter credit hours to 12 semester credit hours and maintained the requirement of two Central Courses. The selection lists of the Central Courses and the

Elective Courses have been modified as some courses have “gone away” in semesters and some courses have remained.

The minor typically required four courses on the quarter system, and will translate to four courses on the semester system. Quarter courses will be applied toward the minor in semesters.

Graduate Interdisciplinary Specialization in Sexuality Studies: The GIS in Sexuality Studies was established and approved by CAA previous to 2006 as there are no records in ASC that indicate approval afterwards. There were no major revisions to the program. The program converted from 20 quarter credit hours to 12 semester credit hours and maintained the requirement that three-quarters (three of the four classes) must be taken outside the student’s home unit. The selection list of courses has been modified with the inclusion of five new semester courses. Quarter courses will be applied toward the minor in semesters.

We are sending these undergraduate programs forward for review and approval in the next stage of curricular review at the Arts and Sciences Committee on Curriculum and Instruction. The courses that are specific to all of the programs are listed under multiple Book 3 Listings. If you have any questions or concerns, please do not hesitate to call or email me at 292-5727 or williams.1415@osu.edu.

Thank you for your consideration of this request.

Sincerely,

Valarie Williams, M.F.A., Ph.D.

Semester conversion designation: converted with minimal changes

Current Program Name: Sexuality Studies Minor

Credit Hour Requirements:

Current Minimum: 20 hours

Proposed Minimum: 12 hours

Rationale:

The Minor in Sexuality Studies will undergo a direct conversion, with the addition of eight courses to our list of central courses:

1. Art Education 4835: Visual Representations of LGBT Subjects (3)
2. Comparative Studies 5875: Gender, Sexuality, and Religion (3)
3. English/Women's, Gender, and Sexuality Studies 2282: Introduction to Queer Studies (3)
4. Sexuality Studies 5620: Sexuality and Violence (3)
5. Social Work 5002: Integrative Seminars: AIDS: Facts and Issues (2)
6. Social Work 5003: Integrative Seminars: Psychosocial Aspects of HIV/AIDS (2)
7. Social Work 5501: Clinical Social Work Practice with LGBTQ Individuals, Couples, and Families (3)
8. Women's, Gender, and Sexuality Studies 4405: Race and Sexuality (3).

Comparative Studies 5875 and Social Work 5002 and 5003 were previously electives for the Minor, but their focus on sexuality clearly meets the program's requirements for "central" courses. Sexuality Studies 5620 has recently been approved and will be added to the university's course offerings once Sexuality Studies gets its own Book 3 listing (which we are requesting simultaneously with the submission of our semester conversion of the Major). The other four courses have been introduced recently by their respective departments, and with their focus on sexuality, they also meet the criteria for inclusion as central courses for the Sexuality Studies Minor.

List of semester courses:

The minor in sexuality studies focuses on the social, historical, psychological, literary, legal, and political contexts in which human sexualities have been and are currently being expressed and theorized. The minor pays particular attention to the tension between non-normative sexualities and the concept of heterosexuality against which they are typically defined. It also investigates the ways that sexuality is shaped by social differences connected to race, gender, (dis)ability, nationality, and social class.

This minor requires 12 credit hours, with at least 6 hours selected from the central courses listed below. The remaining 6 hours can be taken from these courses and/or the list of electives. At least three of the 12 hours should come from a college outside the student's own. A number of the courses listed below have prerequisites, which must be taken or waived by the instructor, and enrollment in some courses may be limited because of demand or available space. No more than 6 credit hours of course work at the 2000 level may count toward the minor. Students and faculty may petition advisers to count courses other than those listed here to fulfill the requirements of the minor. To be approved, at least 50% of the course content must address sexuality. After one of the coordinating advisers for the sexuality studies minor has approved the student's Minor Program Form, the student must file the form with his/her counselor in his/her college. For further information, see one of the advisers listed above.

Professor Mitch Masters

Chair, Arts and Humanities 2 Subcommittee of CCI

Dear Professor Masters,

I am writing in support of the semester conversion plan for the interdisciplinary minor in Sexuality Studies as submitted by Mollie Blackburn, Coordinator of the Sexuality Studies Program. Because there are no major changes being made to the Sexuality Studies minor, this is a simple conversion of course numbers, credit hours, and basic requirements based on the current version of the minor.

Sexuality Studies is part of the Diversity and Identity Studies Collective at OSU (DISCO), which is supported by the College of Arts and Sciences and reports to Arts and Humanities Divisional Dean, Mark Shanda. I am the Director of DISCO, which is why I am writing this letter of support. Please let me know if you need additional information.

Sincerely,

Debra A. Modellmog
