Re: Arts and Sciences Comments on FAES Minors

The Arts and Sciences Committee on Curriculum and Instruction (CCI) has reviewed the following minors from the College of Food Agriculture and Environmental Science (FAES). The CCI recommended changes to the minors, most of which were incorporated into the revised proposals. The specific comments that were left unaddressed are indicated below. All the minors were approved unanimously by the CCI except for the Outreach Education minor, which was not approved for ASC students by a unanimous vote of the CCI.

The following minors indicate a range of credit hours (*i.e.*, 13-15) to complete the minor. The CCI recommended that the language be modified to indicate that a minimum of credit hours be indicated. (*i.e.*, A minimum of 13 credit hours is required for the minor.)

Turfgrass Management
Landscape Design and Management
Horticulture
Agronomy
Environmental Economics
Farm Management
International Economic and Social Development
Agribusiness
Food Processing

The CCI also recommended that the transition policy statement for the following minors be modified to indicate clearly that “students will not be harmed.”

Environmental Economics
Farm Management
International Economic and Social Development
Agribusiness

The Outreach Education minor was not approved for ASC students primarily because the name of the minor was deemed to be inappropriate. The entire list of our concerns was communicated to FAES on May 23, 2011. The specific list of comments on the minor that were communicated is below:

Outreach Education Minor

- i) In near future (not for this approval cycle): Remove rules that do not apply to ASC students when ASC advising sheets are made.
- ii) Transition statement is not specific to the minor (it pertains to the major) and only refers to FAES students. Also, transition does not contain a statement that students will not be harmed.
- iii) Ag Com 5530 is not part of the unit; course should be included in hours outside the unit on the Program Request Form (Credit Hour Explanation).
- iv) COMLDR 3530 is also offered as 3530E; embedded version should also be listed on advising sheet.
- v) Semester course listing does not specify when COMLDR 3330 will be offered.
- vi) Program Request Form: ASC, EHE, and Social Work are listed as a co-administering unit. Have they been consulted? There are no courses from ASC, Social Work, or EHE in the minor.
- vii) **Concern that the name change now misrepresents the minor. Recommend addition of Agriculture back into the title as the minor deals with agricultural outreach.**

Status: PENDING

PROGRAM REQUEST
Turfgrass Management Minor

Last Updated: Pfister, Jill Ann
05/26/2011

Fiscal Unit/Academic Org	Horticulture & Crop Science - D1127
Administering College/Academic Group	Food, Agric & Environ Science
Co-administering College/Academic Group	
Semester Conversion Designation	Converted with minimal changes to program goals and/or curricular requirements (e.g., sub-plan/specialization name changes, changes in electives and/or prerequisites, minimal changes in overall structure of program, minimal or no changes in program goals or content)
Current Program/Plan Name	Turfgrass Management Minor
Proposed Program/Plan Name	Turfgrass Management Minor
Program/Plan Code Abbreviation	TRFGMGT-MN
Current Degree Title	

Credit Hour Explanation

Program credit hour requirements		A) Number of credit hours in current program (Quarter credit hours)	B) Calculated result for 2/3rds of current (Semester credit hours)	C) Number of credit hours required for proposed program (Semester credit hours)	D) Change in credit hours
Total minimum credit hours required for completion of program		20	13.3	13	0.3
Required credit hours offered by the unit	Minimum	20	13.3	13	0.3
	Maximum	24	16.0	15	1.0
Required credit hours offered outside of the unit	Minimum	0	0.0	0	0.0
	Maximum	13	8.7	8	0.7
Required prerequisite credit hours not included above	Minimum	0	0.0	0	0.0
	Maximum	0	0.0	0	0.0

Program Learning Goals

Note: these are required for all undergraduate degree programs and majors now, and will be required for all graduate and professional degree programs in 2012. Nonetheless, all programs are encouraged to complete these now.

Program Learning Goals • Students will be able to oversee the management of turf in landscapes, golf courses, athletic fields, and other sites.

Assessment

Assessment plan includes student learning goals, how those goals are evaluated, and how the information collected is used to improve student learning. An assessment plan is required for undergraduate majors and degrees. Graduate and professional degree programs are encouraged to complete this now, but will not be required to do so until 2012.

Is this a degree program (undergraduate, graduate, or professional) or major proposal? No

Program Specializations/Sub-Plans

If you do not specify a program specialization/sub-plan it will be assumed you are submitting this program for all program specializations/sub-plans.

Pre-Major

Does this Program have a Pre-Major? No

To: Larry Krissek, Chair, Committee on Curriculum and Instruction (CCI)
From: James Fredal, Chair, CCI Social, Behavioral, Biological, Mathematical and Physical Sciences Subcommittee
Re: Semester Conversion Proposals for FAES Minors

Date: May 10, 2011

Larry:

The Sciences subcommittee of the CCI has been reviewing semester conversion proposals for the a number of minors from FAES. All but two were approved with contingencies which have since been addressed and they have been resubmitted. The final two were approved recently (5/9) with contingencies and forward directly to CCI for review and final revision. A few of these minors have added a prerequisite of Econ/AED Econ 2001 (noted below). The PACER chart in some cases also shows this as a quarter prerequisite (of 5 hours) though such a prerequisite does not appear on the relevant quarter advising sheets. We missed this on the first pass, and CCI may want to ask them to change the prerequisite/quarter box on those PACER charts from 5 back to 0 (zero). Comments for each minor are listed below. Comment for the final two a slightly more substantial as they have not yet been sent back for revision.

- 1) **Turfgrass Management:** This minor converts from its quarter equivalent with only minor changes. It includes a core of two courses (down from three quarter courses), and 6-8 hours of elective courses for a total of 13-15 hours. The proposal had a couple of errors on the PACER form which have been corrected and it now appears ready to move forward.
- 2) **Landscape Design and Management** (formerly Landscape Horticulture): This minor is being proposed with a name change to better reflect the breadth and focus of the minor. The minor will include 2 required core courses (from three semester courses) and 6-9 hours of elective courses (from 9-10 semester hours). In other ways, the proposal amounts to a straightforward conversion from the quarter version. The PACER form lists it as having minimal changes, but that should probably be changed because it's undergoing a name change. A few extraneous documents were removed and credit hour numbers corrected, and it seems now ready for approval.
- 3) **Horticulture:** Horticulture converts unproblematically from its quarter version. Students will take 1 core course (from two choices, vs. two of three choices in the quarter version) and 9-11 elective hours (vs. 10-16 quarter hours) for a minor of 13-15 hours (vs. 20-25 quarter hours). We asked that some extraneous documents be removed and approved the proposal for CCI consideration.
- 4) **Agronomy:** This minor also includes a request for a name change from Crop Science to Agronomy as more widely used and better understood among the farming community. In other ways, the conversion is straightforward, involving one required course and a set of electives. As with other minors, we asked that some extraneous material be removed. The PACER chart, it seems, still needs correction though: The minimum required hours offered by the unit should be 4

rather than 13. Also, since it's going to get a name change, it should be listed as undergoing significant rather than minimal change on the PACER form. Otherwise this proposal seems to be ready for full CCI approval.

- 5) **Environmental Economics:** Unfortunately, the dreaded “will” in the program learning goals escaped the detection of the subcommittee and will need to be excised (or the entire learning goal amputated) before this program sees the light of day. It is not clear at this point just how the word-which-shall-not-be-used escaped detection; however, inquiries are being made. In other ways, the proposal seems tolerable and is a straightforward conversion from its quarter version, including one prerequisite (AED Econ or Econ 2001), two required courses (AED Econ 4310 and 5310), and 6-9 additional elective hours.
- 6) **Outreach Education:** This minor is now called Agricultural and Extension Education but has outgrown that name and would like in the future to be called simply the Outreach Education Minor. It was submitted with one error, listing AEE 342 as 3 rather than 5 credits. That has been fixed and the minor is now ready to move forward.
- 7) **Farm Management:** The Sciences subcommittee regrets that this minor too includes a program learning goal which asserts that students “will” do things. This will have to be changed. Otherwise this proposal looks fine and converts exactly from its quarter equivalent: one prerequisite and a set of required courses complemented by a range of electives.
- 8) **International Economic and Social Development:** This seems to be a straightforward conversion: Two required quarter courses convert to two required semester courses. 10-15 additional quarter hours convert to 6-9 additional semester hours. However, they did add a 3 hour prerequisite of Econ or AED Econ 2001. Otherwise it looks ready to move forward.
- 9) **Agribusiness:** The PACER form for this minor is wrong, it seems. The maximum required hours offered by the unit should be 12, I think, not 9. Otherwise, the minor has been reduced (more than required by the 2/3 or 3/5 ratios) from 23-25 hours down to 12-15 hours. That's why some of the PACER conversion numbers are so high.
- 10) **Plant Pathology:** The Plant Pathology minor is being reduced as well, from 25 hours down to 12-14 hours, and with a slightly simpler structure than its quarter version. Students will take three required plant pathology courses; they'll select one course on plant diseases from a set of electives, and they'll then chose 1-2 additional elective courses to reach the minimum 12-14 hours. We had initially requested a few changes to the proposal (PACER numbers, typos, and GEC language) which have all been addressed.
- 11) **Food Processing Minor:** Contrary to popular belief, this minor is not just about juicers and Cuisinarts. The Sciences subcommittee reviewed this proposal on May 9th, after CCI had altered the document flow process. Hence, we are forwarding this proposal directly to CCI along with our comments and corrections. The minor is listed as including minimal changes and is generally a straightforward conversion from the quarter version.

First, the PACER form will need a few corrections:

On the Credit Hour Explanation:

- Column C, 5th line: The maximum required credit hours offered outside the unit is listed as 4, but should be 11.
- Column C, last line: The maximum required prerequisite credit hours not included above is listed as 9, though it is not clear where they come from. The proposal should identify and explain the prerequisites or change this number to 0 (zero).

The program learning goals contain the hated “will [be able to]” formation. The proposal should remove the “students will.” The goals might then read (for example), “Students integrate...” and “Students understand...”

Also, there are a few errors on the list of semester courses to match those on the Semester Advising Sheet:

- Microbiology 4090 will be Microbiology 4000 (4 cr)
- Microbiology 5000 will be Microbiology 4100 and will be 5 credit hours.

Finally, for the sake of clarity and consistency, the proposal should include all credit hour numbers (including for Fd Sc&Te 5420, 5430, 5410, 5400, Anim Sci 4500, and Fa&B Eng 3481) on both the course list and the Semester Advising sheet.

12) **Food Safety:**

First, the PACER form Credit Hour Explanation:

- Column C, 5th line: The maximum required credit hours offered outside the unit should be 8 (instead of 7).
- Column C, last line: The maximum prerequisite hours not included above is listed as 9. The proposal should identify and explain the required prerequisite courses or change that number to 0.

Then, the PACER Program learning goals: Rephrase these goals without “will” to read: “Students understand...” and “Students apply principles...”etc.

Finally, the list of semester courses:

- Microbiology 4090 will be Microbiology 4000 (4 cr)
- Microbiology 5000 will be Microbiology 4100 and will be 5 credit hours.

Thank you.
Jim F.

The Department of Horticulture and Crop Science is submitting and supports the following semester programs:

Revised major:

Professional Golf Management

New major (replaces the current Crop Science, Landscape Horticulture, and Turfgrass Science majors):

Sustainable Plant Systems with 4 specializations: Agronomy, Horticulture, Landscape Design and Management, and Turfgrass Science.

Revised graduate programs:

Horticulture and Crop Science MS

Horticulture and Crop Science PH

Revised minors:

Agronomy (formerly Crop Science)

Horticulture

Landscape Design and Management (formerly Landscape Horticulture)

Turfgrass Science

The programs are the result of an extensive review of our current curriculum that began in early 2009. The review included input from our industry stakeholders and partners, graduate and undergraduate students, all departmental faculty and staff, other OSU departments, as well as with faculty at benchmark programs at other institutions. The results of the collected data were discussed at a day-long faculty and staff retreat in December 2009.

As a result of that retreat and subsequent weekly meetings of faculty, staff, and students from January through early September 2010, the following has occurred. A set of learning outcomes were developed for both the graduate and undergraduate programs. Courses were created, revised, or dropped as the curriculum was developed to meet those goals at the appropriate level. Currently a plan is being developed to make sure that the outcomes, courses, and curriculum continue to provide the best education possible for our students.

The faculty voted unanimously to approve the undergraduate majors and minors (25 for, 0 against). The faculty vote for approval of the graduate programs will be taken at the December faculty meeting.

Respectfully,

A handwritten signature in black ink, appearing to read 'William Randle'.

William Randle

Professor and Chair

(New abbreviations requested for: Landscape Design and Management Minor = LNDESMG-MN
Agronomy Minor = AGRON-MN)

TURFGRASS MANAGEMENT MINOR

College of Food, Agricultural,
and Environmental Sciences
The Ohio State University

Karl Danneberger, Coordinator
334 Howlett Hall
2001 Fyffe Ct.
614-292-8491
Danneberger.1@osu.edu

The minor in Turfgrass Management is for students who expect to have positions that require overseeing the management of grounds (for example airports, factories, roadsides, schools, lawns, and recreational areas).

The Turfgrass Management minor consists of 13-15 hours selected as follows (at least 6 credits must be taken at the 3000 level or higher):

Required: 7 hours

Credit Hours

HCS 2201	Ecology of Managed Plant Systems	4
HCS 3470	Principles of Turfgrass Management	3

Required Electives: 6-8 hours

HCS 2270	Historical Perspectives on Golf Course Dsgn Mgmt	2
HCS 2340	Landscape Plants I	3
HCS 3370	Sports Turf Management	3
HCS 4488	Professional Development in Hort and Crop Science	1
HCS 4560	Creating a Virtual Perspective	3
HCS 4570	Turfgrass Management and Science	3
HCS 5422	Principles of Weed Ecology and Management	3
HCS 5670	Golf Courses and Their Environments	3
HCS 5890	Turfgrass Seminar	1
HCS 4193	Independent Study	1-3
PLNTPATH 5130	Turfgrass Diseases and Integrated Turf Health Management	2
ENR 5260	Urban and Sports Turf Soils	3
ENR 5270	Soil Fertility and Fertilizers	3
ENTMLGY 4600	Intro to Insect Science	1
ENTMLGY 4601 or 4602	General Insect Pest Management or Landscape Entomology	2

Restrictions and General Information

1. This minor is not available to students majoring in Sustainable Plant Systems, Crop Science, Landscape Horticulture or Turfgrass Science
2. A minimum overall CPHR for courses comprising the minor shall be 2.0.
3. A minor should be declared at the time a student accumulates 60 hours.
4. A maximum of one course may overlap between the minor and the GE (Writing and Communication, Foreign Language, Literature, Visual and Performing Arts, Culture and Ideas, Historical Study, Quantitative Reasoning, Data Analysis, Natural Science, Social Science, Cross-Disciplinary Seminar, Service-Learning, Education Abroad).
5. Courses taken on a pass/non pass basis may not be applied to the minor.

TURFGRASS MANAGEMENT MINOR (418)

**College of Food, Agricultural,
and Environmental Sciences
The Ohio State University**

**Karl Danneberger, Coordinating Adviser
334C Howlett Hall
2021 Coffey Road
292-8491
danneberger.1@osu.edu**

The minor in Turfgrass Management is for students who expect to have positions that require overseeing the management of grounds (for example airports, factories, roadsides, schools, lawns, and recreational areas.)

The Turfgrass Management minor consists of 20-24 hours selected as follows:

Required: 10 credits **Credit Hours**

H&CS 200	The Science of Growing Plants	5
H&CS 470	Principles of Turfgrass Selection and Maintenance	4
H&CS 598	Turfgrass Seminar	1

Required Electives: 10-15 credits

ENR 300.01	Soil Science	3
ENR 540	Urban and Sports Turf Soils	3
ENTOMOLOGY 462	Economic Entomology for Turf, Ornamentals & Greenhouses	4
H&CS 234.01	Landscape Plants Lecture	3
H&CS 234.02	Landscape Plants Lab	2
H&CS 270	Historical Perspectives On Golf Course Design and Management	3
H&CS 310	Control of Crop Development	4
H&CS 370	Sports Turf Management	3
H&CS 412	Forage Crops	3
H&CS 422	Weed Science	4
H&CS 488	Professional Development in Horticulture & Crop Science	1-3
H&CS 570	Turfgrass Management and Science	4
H&CS 670	Golf Courses and Their Environments	3
H&CS 593	Individual Studies	1-5
PLNT PATH 612	Turfgrass Diseases	3

Restrictions and General Information

1. This minor is not available to students majoring in Agronomy, Crop Science, Horticulture, Landscape Horticulture, Professional Golf Management, or Turfgrass Science.
2. A minimum overall CPHR for courses comprising the minor shall be 2.0.
3. A minor should be declared at the time a student accumulates 90 hours.
4. A maximum of five credit hours may overlap between the minor and the GEC (foundations, natural sciences, arts and humanities and social sciences).
5. Courses taken on a pass/non pass basis may not be applied to the minor.

Horticulture and Crop Science
Transition Policy for Minors

The university Pledge to Undergraduate Students will be followed by the minor coordinators in Horticulture and Crop Science. Minor coordinators will encourage transition students in the minors to be proactive in getting help with scheduling courses in the minor before and after the conversion to make sure progress toward graduation is not impeded as long as the students follow a course of action that promotes progress.

Minor courses that are a one for one switch from quarter to semester versions should be relatively easy to incorporate into a student's program. For quarter courses that are dropped or significantly altered, or semester versions that will not be available before the student's projected graduation date, suitable semester alternatives will be substituted. The substitutions will be based on course content and meeting the knowledge and skill needs of the student's and time to graduation.

Minor coordinators will be kept up-to-date with advising policies, resources, and tips via the HCS Q2S Carmen website and other communication formats.

DRAFT
