Dr. Gene Folden, Chair  
Curriculum Committee  
College of EHE

Dear Gene:

The Department of Teaching and Learning is requesting that the P-6 Mathematics and Middle Childhood Generalist Endorsements be made available on all campuses. We have faculty on all campuses that are qualified to teach in these two programs, and the offerings will allow teachers from across the state to participate. While this request does not require any new courses, it will be the purview of each campus to decide whether additional instructors will be required.

Please let me know if you have any questions, I would be happy to address them.

Sincerely,

Jessica Mercerhill  
Assistant Chair
