

## Memo

July 1, 2015

To: Scott Herness, Associate Dean  
Jill Toft, Administrative Associate to Associate Dean

CC: Andrew Zircher, Director of Assessment and Curriculum  
Sarah Odum, Curriculum Coordinator

From: Bryan Warnick, Associate Dean of Academic Affairs

**RE: SPECIALIZATION CURRICULUM UPDATE: MA IN EDUCATIONAL STUDIES**

The faculty and administration of the College of Education and Human Ecology (EHE) have approved revisions to the Workforce Development and Education specialization leading to the Master of Arts in Educational Studies in the Department of Educational Studies. The proposal was approved by the EHE Curriculum Committee. The changes proposed are specific to the Business Education and Family and Consumer Sciences Education concentration. The curriculum updates allow both specializations to meet learning objectives for licensure from the same set of courses, rather than separate courses for each concentration.

Attached to this memo are the following:

1. Program proposal
2. Proposed and current program sheet

EHE approves the revisions to the Workforce Development and Education specialization leading to the Master of Arts in Educational Studies in the Department of Educational Studies and requests approval from the Graduate School. If there are any questions, please contact me at [warnick.11@osu.edu](mailto:warnick.11@osu.edu) or our curriculum coordinator, Sarah Odum, at [odum.11@osu.edu](mailto:odum.11@osu.edu).

Proposed Curricular Changes  
MA in Educational Studies, Workforce Development and Education specialization  
Business Education and  
Family and Consumer Science Education concentration

**Background:**

The Family and Consumer Science (FCS ED) Education concentration resides within the MA in Educational Studies, Workforce Development and Education (WDE) specialization along with the Business Education concentration, also within Workforce Development and Education (WDE). Both of these concentrations reside in the Department of Educational Studies, while the major faculty advisor, Dr. Ruth Dohner, has a faculty position in the Department of Human Sciences. With Dr. Dohner's retirement in June 2015, the WDE program area proposes some minor changes to the Business Education concentration and some significant changes to the FCS ED concentration, in order to keep both viable.

**Staffing:**

Dr. Chris Zirkle will serve as primary faculty advisor for all concentration, with course support from Dr. David Stein and Dr. Jim Pinchak, one program area GTA and adjunct faculty for two technology courses. Dr. Jim Pinchak will supervise student teachers. At present, the program can be operated with these staffing levels, but another position has been requested for 16-17.

**Summary of Curricular Changes:**

*Business Education:*

1. One course is dropped – *ES WDE 5646, Methods in Business Education* and *ES WDE 5649, Teaching Adults in the Workplace* and replaced by *ES WDE 5665, Methods in Career-Technical Education* and *ES WDE 5655, Coordination of Work-Based Learning for Career and Technical Education*.

Rationale: *ES WDE 5646* cannot generate sufficient enrollment to offer the course, so Business Education students can take the general methods course *ES WDE 5665* and still meet licensure requirements. For Business Education licensure, only one course in adult education is required, and that is met by *ES WDE 5672* and *ES WDE 5655*, a course on work-based learning, which is now required by licensure.

*Family and Consumer Sciences Education:*

1. One field experiences in FCS ED (5189.x) is replaced by equivalent experiences in WDE (ES WDE 5189.01 and 5189.02)
2. A methods course in FCS ED (5747) is replaced by the equivalent methods course in WDE (5665)
3. A curriculum/assessment course in FCS ED (5746) replaced by the equivalent course in WDE (5667)
4. The student teaching string in FCS ED (5790, 5791.01, 5791.02, 5791.03) is replaced by an equivalent student teaching experience in WDE (5784 and 7193.40)
5. An FCS ED course on culturally responsive teaching (5741) will be dropped and course content from ES WDE 5655, 5665, 5622/23 or 5701 will cover the needed content from this course
6. The pedagogy changes described for the MA degree specialization will also take place within the BSEd degree specialization and are part of a separate proposal.

*Name Changes:*

1. *ES WDE 5189.01 and 5189.02 Field Experiences in Business Education* will be changed to *Field Experiences in Career-Technical Education*, to include Business Education and FCS ED, both of which are sub-areas of Career-Technical Education
2. *ES WDE 5784 Student Teaching in Business Education* will be changed to *Student Teaching in Career-Technical Education*, to include Business Education and FCS ED, both of which are sub-areas of Career-Technical Education

## Workforce Development and Education

*Specialization leading to Master of Arts in Educational Studies*
