**Subject:** Revised Animal Sciences Minor - Requesting CAA approval  
**Attachments:** Animal Sciences Minor Revision Au17.pdf

Randy,

The College of Food, Agricultural, and Environmental Sciences is requesting Council on Academic Affairs approval for revision of the attached undergraduate Animal Sciences minor, with the changes effective autumn semester 2017. The primary changes include: reducing the number of required credits from 16 to 15; removing ANIMSCI 2100 as a required course; and adding a new required course ANIMSCI 2200.03 – Animal Systems. These changes are consistent with the recently approved changes to the Animal Sciences major.

This proposal was reviewed and approved the Department of Animal Sciences and the College Academic Affairs Committee. Please let me know if any additional information is needed in support of this request.

Steve

**Steven M. Neal, Ph.D.**

Professor and Assistant Dean for Academic Affairs  
College of Food, Agricultural, and Environmental Sciences  
100E Agricultural Administration, 2120 Fyffe Rd. Columbus, OH 43210

## CURRENT

**Animal Sciences Minor**  
Food, Agricultural, and Environmental Sciences  
8/19/13

Dr. Pasha A Lyvers Pepper, Coordinating Advisor  
201 Plumb Hall  
2027 Coffey Road  
614-292-3896  
[lyvers-peffer.1@osu.edu](mailto:lyvers-peffer.1@osu.edu)

A minor in Animal Science is for students who wish to develop an understanding about the principles of the beef, dairy, horse, poultry, sheep, and swine industries. This minor will appeal to students with interests in animal production with an emphasis on genetics, nutrition, and physiology.

### Prerequisite Courses for the minor

		<u>Credit Hours</u>
BIO	1113	4
ANIMSCI	2260 or equivalent	3

The Animal Science minor consists of 16 credit hours as follows:

### Required:

			<u>Credit Hours</u>
ANIMSCI	2100	Appreciation of Companion & Production Animals	3
ANIMSCI	2200.01	Introduction to Animal Sciences	3
ANIMSCI	2200.02	Introduction to Animal Sciences - Lab	1
ANIMSCI	3130	Principles of Animal Nutrition	3
ANIMSCI	3140	Principles of Animal Systems Physiology	3
ANIMSCI	3150	Principles of Genetic Improvement	3

### Restrictions and General Information

1. The minor is not available to student majoring in Animal Sciences.
2. A minor should be declared by the time a student accumulates 60 hours.
3. A minimum 2.00 cumulative point-hour ratio is required in the minor course work; and a minimum grade of a C- is required for each course used to complete the minor.
4. No more than 6 credit hours can overlap between the GE and the minor.
5. The minor must contain a minimum of 12 credit hours distinct from the major and/or additional minors.
6. The minor must include at least 6 hours of upper-level or upper-division course work (3000 or above).
7. Course work graded Pass/Non-Pass cannot count in the minor, and no more than 3 credit hours of course work graded Satisfactory/Unsatisfactory may count toward the minor.
8. No more than 3 credit hours of xx93 may count toward the minor.
9. At least half of the credit hours counting in the minor must be earned in regular OSU coursework.

## PROPOSED

**Animal Sciences Minor**  
Food, Agricultural, and Environmental Sciences  
8/19/13-8/01/17

Dr. Pasha A Lyvers Peffer, Coordinating Advisor
