Re: Informational Items: Multiple Course Changes to CRPLAN and LARCH UG Programs

This memo is to document support of KSA's submission of multiple changes to CRPLAN and LARCH courses, of which

- Eleven are required courses in the UG CRPLAN curriculum that entail
 - removing / updating prerequisites to facilitate enrollment
- Two are required courses in the UG LARCH curriculum that entail
 - updating course descriptions

Course topics and goals remain the same for courses on both lists.

Given the extensive list, of which multiple courses are required for the CRPLAN and LARCH majors, it was determined that these changes be presented as informational items to both the College Committee on Academic Affairs (CCAA) and CAA. On March 31, 2023, CCAA was informed of this action. In this way, a formal, college-level record of this action has been created.

Please feel free to contact me should have additional questions.

Subject: Knowlton School of Architecture Course Changes in the City and Regional Planning (CRPLAN) and Landscape Architecture (LARCH)

The Knowlton School of Architecture is presenting, as informational items, course changes in the City and Regional Planning and the Landscape Architecture undergraduate programs.

1. The City and Regional Planning section within KSA is requesting twenty-five course changes where prerequisites either have been removed or updated. These changes will facilitate a student’s progress through its UG program.

- Eleven of these courses are required in the CRP curriculum.
- The remaining fourteen courses are electives.
- Course goals, learning outcomes, topics, and credit hours remain unchanged.
- Academic advisors and faculty will notify students of the change.
