Memo

March 26, 2024

To: W. Randy Smith, Vice Provost – Council on Academic Affairs

From: Aaron Bagent, Curriculum Specialist

RE: INFORMATIONAL ITEM: BS Hospitality Management, Department of Human Sciences

Please find materials included in this proposal related to a small-scale revision of the BS Hospitality Management program. The department wishes to remove several courses from the Option A electives section. These courses are part of the Healthcare Environment and Hospitality Management certificate, which is being deactivated. Thus, these courses will no longer be offered. Because these courses are electives, this amounts to a 0% credit hour change. This was presented to the EHE Curriculum Committee as an informational item on March 21, 2024.

If there are any questions, please contact me at bagent.14@osu.edu.

EHE Office of Undergraduate Education

Dear Aaron:

I am writing in support of the following requests, **effective Summer 2024**:

1. **Suspension of the Healthcare Environmental and Hospitality Services Certificate**
2. **Removal of the following courses from “Option A Major Advanced Courses” in the Bachelor of Science in Hospitality Management undergraduate degree:**
 - a. CSHSPMG 2200 Introduction to Healthcare Environmental & Hospitality Services (3)
 - b. CSHSPMG 3200 Infection Prevention in Healthcare & Hospitality (3)
 - c. CSHSPMG 3191.02 Healthcare Environmental Services Internship (3)
 - d. CSHSPMG 4200 Managing the Customer Experience in Healthcare & Hospitality Services (3)

Rationale:

1. Over the past year, due to low enrollment and resource constraints, the HEHS Certificate has ceased admitting new students and faces continued resource limitations thereby, requiring suspension of the certificate.
2. Courses have not been and will continue to not be offered so removal of these courses as course options in the undergraduate Hospitality Management major is necessary.

These changes have been reviewed and approved by members of the Department of Human Sciences Undergraduate Studies Committee.

There are currently no negative budgetary implications and no additional funds or human resources necessary for the execution of these changes. Thus, I am in support of the proposed changes.

If you have any questions or need additional information, do not hesitate to contact me.

Sincerely,

Sue Sutherland, PhD
