Dear Dr. Smith,

I am writing to express my support for the establishment of a new division of Learning Health System Science within the department of Biomedical Education and Anatomy (BMEA) in the College of Medicine.

I have discussed the potential of this new division with Dan Clinchot, MD, chair of BMEA, and believe this targeted academic focus on health system quality and outcomes improvement initiatives will better prepare our clinicians for the future of the health care workforce.

Sincerely,

Carol R. Bradford, MD, MS, FACS  
Dean, College of Medicine  
Vice President for Health Sciences, Wexner Medical Center  
Leslie H. and Abigail S. Wexner Dean's Chair in Medicine  
Professor of Otolaryngology – Head & Neck Surgery

April 26, 2024

Tatiana Oberyszyn, Ph.D.  
Vice Dean for Faculty Affairs  
College of Medicine  
Office of Faculty Affairs  
420 Hamilton Hall  
1645 Neil Ave  
Columbus, OH 43210

Dear Tania,

The department of Biomedical Education and Anatomy seeks your approval to establish a new division of Learning Health System Science. This division will have an academic focus in Clinical Informatics for the Learning Health System and focus on building out educational mechanisms that support specialized and immersive training in clinical informatics and data analysis focused on health system quality and outcomes improvement initiatives and Learning Health Systems research. Establishing this division with this academic focus will further enable the department to support workforce development by providing educational programs that will enable clinicians to achieve competencies needed in today's health care work force.

Please do not hesitate to contact me if I can provide further information regarding this request.

Sincerely,

Daniel M. Clinchot, M.D.  
Vice Dean for Education  
Associate Vice President for Health Sciences Education  
Chair, Department of Biomedical Education and Anatomy  
Harry C. and Mary Elizabeth Powelson Professor of Medicine  
Professor, Physical Medicine & Rehabilitation
