Subject: Updating Embedded Literacies
Importance: High

Hi Andrew,

As I mentioned last week, we have some changes to make to our embedded literacies due to changes in the structure of the courses (e.g., removal and/or addition of writing assignments, etc.). We would like to make these changes **effective Spring 2024**. These changes are to all three degrees (BA in Political Science; BS in Political Science; BA in World Politics).

Courses that **no longer** count toward the advanced writing embedded literacy requirement:
- POLITSC 4250 - African Politics
  - The writing assignment has been dropped from this class.

Courses that **no longer** count toward the technology embedded literacy requirement:
- POLITSC 3170 - Political Psychology
  - Content of course has changed.
- POLITSC 3905 - Political Manipulation
  - Content of course has changed.

New addition/courses that **will now count** toward the advanced writing embedded literacy requirement:
- POLITSC 2120 - Follow the Science: The Politics of Health
- POLITSC 4139 - Gun Politics
- POLITSC 4139E - Gun Politics (Honors Embedded)
- POLITSC 5411 - Justice, Sin, and Virtue: Ancient & Medieval Political Thought

New addition/courses that **will now count** toward the technology embedded literacy requirement:
- POLITSC 2120 - Follow the Science: The Politics of Health
- POLITSC 3549 - Survey Research in Political Science
- POLITSC 4127 - Governing Urban America
- POLITSC 4127H - Governing Urban America (Honors)

Note: No changes are being made to the data analysis embedded literacy requirements.

I have attached our full list with tracked changes.
