Curriculum Committee
School of Health and Rehabilitation Sciences
The Ohio State University

Dear Dr. Bannerman,

On July 19, 2024, the HRS Curriculum Committee reviewed the request to add MEDLBS 4150, Microscopy, as a course option for the Medical Laboratory Science Minor. The committee unanimously voted in support of this change.

We are so grateful for your program's ongoing commitment to teaching excellence. There is no further action needed at this time. Thank you.

Sincerely,

Lindy Weaver, PhD, MOT, OTR/L
Associate Professor, Clinical
Director, Academic Affairs

Curriculum Committee
School of Health and Rehabilitation Sciences

Dear Colleagues,

The Medical Laboratory Division is requesting to update the Medical Laboratory Science Minor (MEDLBS-MN) course offerings. We would like to add the online course MEDLBS 4150 Microscopy course (2 credit hours). Last year we added other online courses to the minor course offerings. At that time, the Division was not ready to add the microscopy course to the minor course offerings.

MEDLBS 4150 online course have already been approved by the university and is reflected in the OSU Course Catalog. This update will provide an opportunity for students to register for the online version of the course (the in-person course - MEDLBS 5150 is already an approved minor course offering); as a result, adding this course will provide additional schedule flexibility for students to obtain the MEDLBS-MN.

Programmatic Implications: More students may enroll in the online courses.

Thank you for your consideration of this request. We would like for the change to be implemented upon approval. Please let me know if you require any additional information.

Sincerely,

DocuSigned by:

The Medical Laboratory Science minor provides students, especially those preparing for admission to professional schools in medicine, dentistry, pharmacy and to graduate programs for physician assistant and other related health fields, with basic knowledge to evaluate and interpret clinical laboratory data.

Required prerequisite courses:

All courses require the following prerequisites: Biology 1113, Chemistry 1210 and 1220. MEDLBS 4050 or MEDLBS 5050 AND MEDLBS 4200 or MEDLBS 5200 are prerequisites for MEDLBS 4250/5250.

Students may select from the list of online courses below (credit hrs):

- MEDLBS 4000 Med Lab Clinical Bacteriology (3)**
- MEDLBS 4050 Med Lab Hematology (5)*
- MEDLBS 4100 Med Lab Special Microbiology (3)*
- MEDLBS 4150 Med Lab Microscopy (2)**
- MEDLBS 4250 Med Lab Immunohematology (4)*
- MEDLBS 4300 Med Lab Clinical Chemistry (5)*
- MEDLBS 4200 Med Lab Immunology (3)**
- MEDLBS 4500 Phlebotomy (1)*

Students may select from the list of in-person courses below (credit hrs):

- MEDLBS 5000 Med Lab Microbiology II (3)**
May not be taken if choosing MEDLBS 4000
- MEDLBS 5050 Med Lab Hematology (5)*
May not be taken if choosing MEDLBS 4050
- MEDLBS 5100 Med Lab Microbiology I (3)*
May not be taken if choosing MEDLBS 4100
- MEDLBS 5150 Med Lab Microscopy (2)**
May not be taken if choosing MEDLBS 4150
- MEDLBS 5200 Med Lab Immunology (3)**
May not be taken if choosing MEDLBS 4200
- MEDLBS 5250 Med Lab Immunohematology (4)*
May not be taken if choosing MEDLBS 4250
- MEDLBS 5300 Med Lab Chemistry (5)*
May not be taking if choosing MEDLBS 4300

*only available in Autumn semesters;

**only available in Spring semesters;

Courses are not typically offered in Summer terms

Medical Laboratory Science minor program guidelines:

Required for graduation: No

Credit hours required: A minimum of 12 credit hrs. 1000 level courses shall not be counted in the minor. At least 6 credit hrs must be at the 3000 level or above.

Transfer and EM credit hours allowed: A student is permitted to count up to 6 total hours of transfer credit and/or credit by examination.

Overlap with the GE: A student is permitted to overlap up to 6 credit hours between the GE and the minor

Overlap with the major and additional minor(s)

- The minor must be in a different subject than the major.
- The minor must contain a minimum of 12 hours distinct from the major and/or additional minor(s).

Grades required

- Minimum C- for a course to be listed on the minor.
- Minimum 2.00 cumulative GPA for all minor course work.
- point-hour ratio required for the minor.
- Course work graded Pass/Non-Pass cannot count on the minor.
- No more than 3 credit hours of coursework graded Satisfactory/Unsatisfactory may count toward the minor.

X193 credits: No more than 3 credit hours.

Minor approval: The minor course work can be approved by any advisor if following the minor sheet. Any variations from the minor sheet must be approved by an HRS advisor in Atwell 206.

Filing the minor program form: The minor program form must be filed by the beginning of the junior year.

Changing the minor: Once the minor program is filed in the college office, any changes must be approved by the minor coordinator (or the coordinator's designee).
